

Giraffie Apartment

Giraffie Apartment are two Irish musicians that go by the monikers Domenico De LA Vega and Vicente Nueve. They are based in Madrid Spain. They formed the band Giraffie Apartment after sharing an apartment with a wooden almost life-size sculpted Giraffe bought in Kenya by their landlord.

They released their second album, *Thump*, in June 2017. The music has its roots in alt rock, electronics and even folk and country is a huge influence. The pair played all instruments and co-wrote all songs on the album. Previously they released an album, *Audioslot* in 2012.

Background

Both Vicente and Domenico grew up in Ireland and played in lo-fi independent bands like *Twenty People*, *Gogglefox* and *The Muskrats*. Their first album, *Audioslot*, featured the tracks *Only in it for the Dream* and *Love will Rescue*.

Vicente is an amateur gardener in his spare time and has a great memory for people's faces but is bad with names. Domenico dedicates much of his leisure moments to sports. He watches and follows live text across many disciplines.

New album, *Thump*, featuring the singles *Messin* and *Helicopter* is available now.
